Patriots Among Us

***There are patriots among us,
who have given so much
to our great USA
in their own noble way.***

***They do so each day
for what we all hold dear
in our land of the free
and the home of the brave.***

***Many patriots are the valiant ones
wearing the uniform
with Old Glory proudly shown,
doing their honorable best as duty calls.***

***Some patriots are the well known
entertaining our troops
wherever they serve,
even in harm's way.***

***Other patriots are our elected,
representing with the intent
to do what is best for "We the People",
regardless of political consequences.***

***Most patriots are women, men, and children
known to only a few,
letting their actions speak for themselves
and who happen to be a neighbor too.***

***You see... being a patriot
is not limited to wearing the uniform
or being famous . . . it is about
showing love and pride of America!***
